## Education

### Univercity of Jaffna

*Bachelor of Science in Computer Science*

**Oct. 2022 – Nov 2025**

*Jaffna, Srilanka*

### Walisinghe Harischandra College

*G.C.E. Advanced Level(2020) - Combined Maths: C, Physics: C, Chemistry: S*

**2015 – 2017**

*Anuradhapura, Srilanka*

### Rambewa Central College

*G.C.E. Ordinary Level(2014) - 5 B's 3 C's 1 S*

**2004 – 2014**

*Anuradhapura, Srilanka*

## Relevant Coursework

- |                        |                           |                         |                                 |
|------------------------|---------------------------|-------------------------|---------------------------------|
| • Data Structures      | • Database Management     | • Computer Programming  | • Computer Networks             |
| • Software Methodology | • Artificial Intelligence | • Computer Architecture | • Graphics and Visual Computing |
| • Algorithms Analysis  | • Internet Technology     | • Machine Learning      |                                 |

## Experience

### People's Bank

*Intern*

**2021 – 2022**

*Anuradhapura, Srilanka*

- Processed sensitive financial data with high accuracy
- Ensured 100% compliance with banking regulations
- Effectively communicated with clients and internal departments

## Projects

### Document Tracking System | *React, Node.js, MongoDB*

**November 2025**

- full-stack application built to solve the real-world problem of inefficient, manual document processing.
- This system provides a centralized platform for secure document submission, automated routing, and real-time tracking through configurable, multi-step approval workflows.

### Realtime Task Management System | *React, Node.js, MongoDB, Tailwind CSS*

**March 2026**

- This project is a Real-Time Kanban Task Management System, a high-performance, full-stack application designed for seamless team collaboration.
- It enables users to manage complex workflows through an intuitive, interactive interface where every action is synchronized across all connected clients in real-time.

## Technical Skills

**Languages:** Python, Java, HTML/CSS, JavaScript, SQL

**Developer Tools:** VS Code, Postman, Vercel, Jira

**Technologies/Frameworks:** React, Express.js, GitHub, Tailwind CSS, MongoDB
