PROFESSIONAL SUMMARY

Motivated undergraduate software engineering student with strong hands-on experience in full-stack web development, Android application development using Kotlin, and backend technologies including PHP and Java. Proven ability to design, build, and maintain real-world applications using REST APIs, databases, and modern development tools.

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript (ES6+), Python, PHP, Kotlin
- Frameworks & Libraries: React, Node.js, Express
- Web & APIs: HTML5, CSS3, RESTful APIs
- Databases: MongoDB, MySQL
- Tools & Platforms: Git, GitHub, Postman, Docker
- Cloud & Backend: AWS, Firebase

PROJECTS

- **Real Estate Management System (JayakodyProperty)** – Individual Project
Designed and developed a full-stack web application with location-based property listings, role-based CRUD operations, RESTful APIs, and Git-based version control.
- **Salary Management System (MyBudgetPal)** – Group Project
Implemented the savings management module using React and Node.js, enabling salary planning, daily and monthly goal reminders, and backend API integration.
- **Online Voting System (vote.lk)** – Group Project
Built a secure web platform using PHP, HTML, CSS, and MySQL with encrypted authentication, vote validation, modular user management, and real-time result processing.
- **BloomTrack – Wellness Habit Tracking App**
Developed an Android application using Kotlin to track daily habits, mood, and hydration, including reminders, streak tracking, and local data persistence.
- **JFS Online – Android Mobile Application**
Created a Kotlin-based Android application with a responsive and intuitive UI to streamline online processes, demonstrating Android development, system design, and workflow management.

EDUCATION

BSc (Hons) in Information Technology – Sri Lanka Institute of Information Technology (SLIIT), Malabe
2023 – Present | GPA: 2.7+

CERTIFICATIONS

- Certificate of Trainee – Full Stack Developer, University of Moratuwa (2023)
- Diploma in English, Aquinas College of Higher Studies (2023)

SOFT SKILLS

Problem Solving, Team Collaboration, Quick Learner, Attention to Detail, Time Management, Ability to Work Under Deadlines

LANGUAGES

Sinhala (Proficient), English (Professional Working Proficiency)
